

Empowering young people to shape their world

Information for children, young people,
their families and carers

Who we are.

At Chilypep we put children and young people at the heart of everything we do.

Chilypep is a nationally registered charity based in Sheffield, where we work to empower and improve the lives of children and young people.

"Chilypep have identified that the empowerment of children and young people to have ongoing involvement in decision making improves their emotional well-being, confidence and self-esteem."

Sarah Champion MP for Rotherham

We work with...

- Children and young people of all ages, giving them the opportunity to make friends and have fun
- Young people who want to make an impact and build positive relationships with each other and within their communities
- Groups of young people to develop their skills and ability to get involved in things they care about

Our job is to give these young people opportunities to develop as individuals, recognise the power of their own voices and become empowered active citizens.

We work to promote and protect the rights of young people in Sheffield and South Yorkshire as well as giving all young people a platform to share their views and be heard.

What we do.

Chilypep's purpose is to promote the rights, wellbeing and opportunities of all the young people we work with and represent.

Since 2002 Chilypep has worked with and for thousands of young people in Sheffield and across the country. We believe that involving them in decision making in a meaningful way is beneficial to them and society as a whole.

We do this by...

- Training young people to develop their skills and ability to get involved with things they care about
- Working with young people to campaign around issues that affect them
- Working with communities and organisations to make sure that young people's rights are protected and that their best interests are served.
- Working with organisations and schools to help them hear and act on what young people say

"One of the things that helped me get my job was playing a part in changing the legislation for Young Carers in Chilypep's VOYCE participation group. So I have Chilypep to thank for that and because of the experience you gave me I get to go to London and work to help change legislations for various things."

Gabriella Wattam - Chilypep member now Constituency Assistant Apprentice for MP Louise Haigh

Contact us .

We're always happy to hear from children, young people, parents and carers who want to get involved in our projects. You can reach us by:

Feedback, comments and complaints

We welcome feedback, comments, compliments and complaints that will help us become a better organisation. We value all feedback from the children and young people we work with and encourage them to get in touch.

Chilypep is proud to be an inclusive organisation. We value diversity and welcome young people from all backgrounds to get involved in our work.
